Many Thanks ... 195 Winding Way, Six Mile lake, Port Severn, Ontario

Murray;

At year end we reflect with the family about all the many great friends and great experiences we enjoyed together in 2012. Taylor Docks provided the focal point for much of the summer entertainment with a brand new swim dock and new boat house with sun deck and diving platform.

We just wanted to thank you once again for an excellent job ... well done!! You and your team completed the work on time / on budget and in a very professional and helpful maner that made it a fun experience for the whole family.

Please feel free to drop by or send any 2013 clients by for a friendly tour. Wishing your and your family continued prosperity in 2013 and beyond,

The Hewitt's
